Cone Dispensers and Displays

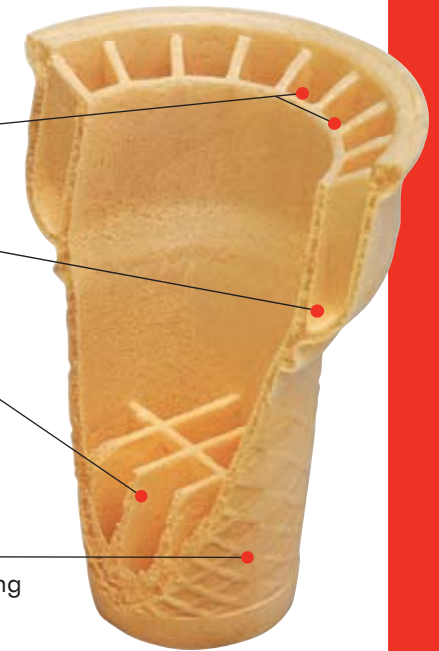

Our practical cone dispensers and displays save labor and boost frozen dessert sales.

Eat-It-All® Cones... quality you can trust from a trusted name!

Our Cake Cones Feature:

- Strong, continuous inner ring and ribbed reinforcement walls add strength and reduce breakage
- Large, deep drip wells make for no-mess eating – ice cream melts into wells, not down outside of cone
- Sturdy ribbed cross section reduces breakage and enhances product integrity as ice cream melts into bottom
- Textured grid pattern allows for easy, no-slip holding

Our waffle cones and bowls come packaged in a stay-fresh, sturdy stack pack with foam protectors to reduce breakage
