Grain/Bread contribution determinations have been made based on FCS Instruction 783-1, Rev. 2, II Criteria for Determining Equivalent Minimum Serving Sizes.

I certify that the above information is true and correct and that determinations of Grain/Bread contributions to the Food-Based Menu Planning Alternative in the Child Nutrition Program have been made using the standard of 14.75 grams of enriched or whole-grain meal and/or flour to equal 1 serving of Grain/Bread.
