

December 3, 2009

TO: Our Valued Customer
SUBJECT: Bread Equivalents Kellogg's® Food Away From Home Products

Thank you for your interest in using our products as part of your National School Breakfast and Lunch Programs. The attached table outlines the bread equivalents for a variety of our products according to the Food-Based Menu Planning Alternatives in the Child Nutrition Programs.

In the USDA Food and Consumer Service Instruction 783-1, Revision 2 for Grains/Breads Requirement for the Food-Based Menu Planning Alternatives in the Child Nutrition Programs dated November 2001, a product must either fulfill the weight requirement or use the crediting equivalency of at least 14.75 grams enriched or whole-grain meal or flour as well as bran and/or germ per serving.

All Kellogg's® brands listed in the attached table, with the exception of the Ready-To-Eat Breakfast Cereal Category and Waffle category, are eligible within the program based on FCS Instruction 783-1, Rev. 2, II Criteria for Determining Equivalent Minimum Serving Sizes, using the standard of 14.75 grams of enriched or whole-grain meal and/or flour to equal 1 serving of Grains/Breads. Ready-to-Eat Cereals and waffles qualify based on their serving size.

- **READY TO EAT CEREALS** -- Under Group I, Ready-To-Eat Breakfast Cereal, the minimum serving size is 3/4 cup or 1 ounce, whichever is less. *Because cereals are eligible to qualify based on their serving size, the amount of creditable grains is not detailed in the table that follows.* Please note all Kellogg's® Ready-To-Eat Cereals present in the attached table are fortified (nutrients added).
- **WAFFLES** -- Under Group C, minimum serving size for waffles is 31 grams. *Because waffles are eligible to qualify based on their serving size, the amount of creditable grains is not detailed in the table that follows.* Please note all Eggo® Waffles present in the attached table are fortified (nutrients added).

I certify that the above information is true and correct, and that each Kellogg's® product fulfills the Grains/Breads servings listed in the table that follows.

Julia M. Jursinic, MS
Associate Director, Nutrition Labeling & Regulatory Compliance
Kellogg Company
